

School-Home Communication

Each pupil is provided with a 'Communication Book' or folder which travels daily between school and home. This is for the brief exchange of day to day information between the class teacher and the parent or main carer.

Letters home are enclosed within the books or folders and the therapists may use them to pass on information.

Information is regularly posted on the school's website and Kingsdown app.

Parents' Evenings are held each term and operate on an appointment system.

Appointments can be made with the teachers and the Headteacher.
